Dear Clay:
Enclosed please find most and perhaps all of the diskettes that Harold Weisberg sent to me. I have had them transferred to CD for your convenience.

Also, my appearance on the 50,000 watt WHAS 840 AM. On Dec. 1, 2000. I got to respond to Arlen Specter! Heard in 38 states, commercials removed. I really tried to accurately represent Harold.

Clay, Harold has told me wonderful things about your work. I think it is great that you came along just in time to help Harold, computerizing things etc. You'll never get it but the nation owes you a great big thank you! I thank you and I am sure so does Harold and all researchers. You have done a great service that perhaps no one else could have accomplished.

I have been sort of out to lunch lately. Mom is in a nursing home and not doing well. It has occupied much of my time and most of my thoughts.I'll try to communicate better in this new millenium.

Keep up the great work. Maybe someday we can catch up with each other again.

Sincerely, and admiringly,

Bill
